Why me

I'm highly motivated, creative, goal-oriented full stack developer with more than 1 year of experience with HTML/CSS, JavaScript, React, Redux, Node.js, MongoDB.

Created over 25 responsive websites/apps, some of which you can find in my portfolio. All portfolio projects are personal, including design. Took second place in Can She Code Inc. portfolio contest.

I am looking for a developer position in a company where my skills, abilities and experience will be useful and will help to develop quality solutions and ensure the success of the company.
